

Environmental Policy

Complete Interior Solution is committed to good environmental performance coupled with a supporting programme of continuous improvement in operational, engineering and support activities.

The Company regards compliance with specific legislative, regulatory and corporate requirements and the promotion of environmental protection in general, as a mutual objective of management and employees at all levels.

The Company will take all practical measures to operate a system of best practice and corporate guidance by:

- Assessing in advance the Health, Safety and Environmental impact of all new activities, products and processes.
- Assessing and monitoring the impact of current activities upon employees, others and the environment.
- Taking any reasonably practicable or remedial actions to prevent environmental damage.
- Establishing and maintaining procedures to specify the Health, Safety and Environmental objectives and goals.
- Communicate the Company's Health, Safety and Environmental performance to management and employees, on a regular basis, and to other interested parties as appropriate.
- Maintaining a Register of any known, significant effects and ensuring that procedures are in place to prevent accidental emissions or losses detrimental to the environment.
